General Information

Breakfast: Breakfast will be served each morning at 7:30 A.M. after registration opens. Breakfast is available only to registered conference attendees. Additional snacks and refreshments will be provided at the mid-morning break by 11:00 A.M.

WiFi: High-speed WiFi is available by connecting to RitzCarlton_Conference.

Program Materials: Full presentation materials, evaluation forms and an electronic copy of this program are available by logging into cme.lecom.edu.

Help Educate the Next Generation of Physicians

Physicians throughout the country are helping train LECOM medical students to become skilled and compassionate physicians. The LECOM Clinical Education Department is eager to establish long-term relationships with physicians willing to convey professional knowledge and provide quality mentoring for student physicians. The need for on-site clinical rotations grows each year as new colleges of osteopathic medicine open and more students enroll in medical school. To sign up as an adjunct faculty member, visit cme.lecom.edu and click the Become An Adjunct Faculty Member link.

LECOM Summer CME Committee

We hope you enjoy the conference. Should you need any assistance, a LECOM staff member will be happy to assist you.

- John M. Ferretti, D.O., President/CEO, Program Chairman
- Silvia M. Ferretti, D.O., Provost, Senior Vice President and Dean of Academic Affairs
- Helen McKenzie, Executive Assistant to the President
- Eric Nicastro, Institutional Director of Communications and Marketing/CME Coordinator
- Monsignor David Rubino, Ph.D., Vice President of External Affairs

Conference

August 16-19, 2021

CME Credit Reporting

AMERICAN OSTEOPATHIC ASSOCIATION

AMERICAN ACADEMY OF
FAMILY PHYSICIANS
STRONG MEDICINE FOR AMERICA

The American Osteopathic Association CCME has approved this program for 20 credit hours in Category 1-A.

The AAFP has reviewed LECOM Summer Primary Care 2021 and deemed it acceptable for up to 18.00 In-Person, Live (could include online) AAFP Prescribed credit. Term of Approval is from 08/16/2021 to 08/19/2021. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The AOA CCME requires that each physician certify or attest to the number of hours attended during a CME program. To receive proper CME credits, you must complete the following steps:

1. Sign the attendance sheet at the registration table once each day for the duration of the conference. For osteopathic physicians, please ensure your AOA number is listed correctly so you receive your credits. LECOM submits osteopathic credits directly to the AOA CCME. All participants will receive a certificate.
2. Fill out the conference evaluation form on cme.lecom.edu with the following information:
 - The amount of lecture hours you attended
 - Your name and your AOA number

Once you submit your evaluation form, you will be sent an electronic copy of your certificate. This form will not be available until Thursday, August 19 at 8:00 A.M. If you are not staying for the entire conference, please speak with a staff member at the registration table.

You will receive CME credits only for the lecture hours that you attend and certify/attest to on the evaluation form. The AOA is currently in the CME cycle for 2019-2021.

LECOM Summer CME in Sarasota Objectives

The LECOM Summer CME in Sarasota will focus on health problems commonly seen in the offices of primary care physicians. The objective of this four-day seminar is to provide participating physicians with information about new medical advancements in order to increase the scope of treatment options available to primary care physicians and to enhance their existing knowledge of the topics that will be covered. Following this program, participants should be able to apply this new medical information in the diagnosis and treatment of their patients.

Educational Policy

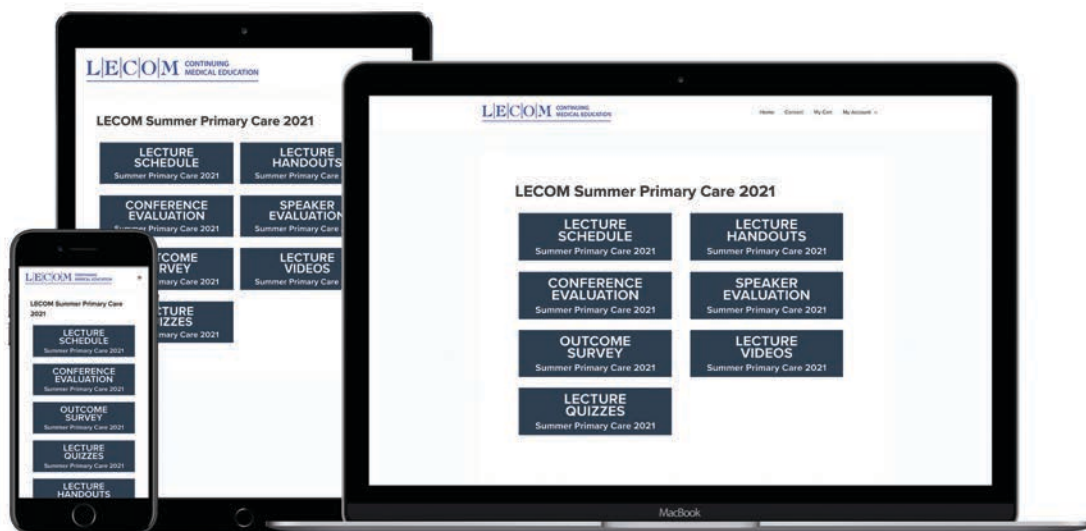

Lake Erie College of Osteopathic Medicine (LECOM) sponsors this program for educational purposes only. The material presented is not intended to represent the only methods appropriate for the medical situations discussed; rather it is intended to present the opinions of the authors and presenters that may be helpful to other practitioners. Attendees participating in this medical education program sponsored by LECOM do so with full knowledge that they waive any claim they may have against LECOM for reliance on any information presented during these educational activities. Each physician in attendance at LECOM meetings is free to discuss the issues openly with lecturers and with the LECOM Continuing Medical Education coordinator and program director. Any conclusion or decision reached based on issues discussed must be an educational or business decision made by each physician independently and based solely on what is in the best interests of that physician and his or her patients. In conducting education and information programs for its affiliates, LECOM does not recommend nor necessarily enforce any particular course of conduct.

LECOM

Summer CME Conference

August 16-19, 2021

Online Conference Forms

To make reporting credits and distributing CME certificates easier, we moved our conference and speaker evaluation forms online. Paper copies of the forms are no longer included in your program book. Links for these forms can be found after logging into your account at **cme.lecom.edu**. These forms can be accessed through any laptop, tablet or mobile device.

To receive proper credit for attending the conference, all attendees must fill out those online forms for us to issue a certificate and to properly report credit hours for osteopathic physicians to the AOA. The AOA CCME requires that each physician attest to the number of hours attended during a CME program.

To receive CME credit and your certificate of completion, you must complete the following steps:

1. Sign the attendance sheet at the registration table once a day for the duration of the conference. For osteopathic physicians, please make sure your AOA number is listed correctly to ensure you receive your credits. LECOM submits osteopathic credits directly to the AOA CCME.
2. Fill out the conference and speaker evaluation forms on **cme.ecom.edu** with the following information:
 - The amount of lecture hours you attended
 - Your name and your AOA number

Once you submit your evaluation form, you will be sent an electronic copy of that form for your records. After your form is verified, your certificate will then be automatically emailed to you at the address you provided. Paper certificates will not be distributed. **Please note the conference evaluation form will not be available to fill out until Thursday, August 19 at 8:00 A.M.** The speaker evaluation form will be available for the duration of the conference.

If you are not staying for the entire conference, please speak with a staff member at the registration table.

You will receive CME credits only for the lecture hours that you attend and certify/attest to on the evaluation.

LECOM

Summer CME
Conference

August 16-19, 2021

Moderator

Monsignor David A. Rubino, Ph.D., is the vice president for external affairs at LECOM.

Conference Faculty

Chris Buzas, D.O., is a 2015 graduate of LECOM and is an ophthalmologist with Medical Associates of Erie, the clinical practices of LECOM Health.

Carmine D'Amico, D.O., is a clinical professor of internal medicine/cardiology at LECOM and works with the LECOM Institute for Successful Aging. His training includes non-invasive/nuclear cardiology and invasive/interventional cardiology.

Lori Dulabon, D.O., is a 2005 graduate of LECOM and is a board-certified urologist with Medical Associates of Erie, the clinical practices of LECOM Health.

Anthony Ferretti, D.O., is board certified in orthopedic surgery and is a clinical professor of orthopedic surgery at LECOM. He is a member of the LECOM Sports Medicine and Orthopedic Surgery team.

Richard Ferretti, J.D., is the LECOM general counsel specializing in the areas of labor and employment law and corporate compliance.

Douglas Fronzaglia, D.O., is a 2000 graduate of LECOM and is a physician with the LECOM Institute for Successful Aging specializing in geriatric medicine. He is also an assistant clinical professor of internal medicine at LECOM.

James Lin, D.O., is a 2000 LECOM graduate and a clinical associate professor of geriatric medicine at LECOM. He is board certified in internal medicine and geriatrics. He is currently the vice president of senior services and adult living at Millcreek Community Hospital and director of the LECOM Institute for Successful Aging.

Ryan Lynch, D.O., is a 2003 graduate of LECOM and a neurologist with the LECOM Institute for Successful Aging.

Christopher Rial, D.O., is a 2010 graduate of LECOM and he is a member of LECOM Sports and Orthopedic Medicine team.

Ivan Rusilko, D.O., is a 2010 graduate of LECOM. He is currently practicing lifestyle medicine from his office in Miami Beach, Florida.

Aaron Susmarski, J.D., is the institutional director of human resources, institutional EEO coordinator and institutional Title IX coordinator for LECOM.

Nicole Temofonte, D.O., is an assistant professor in internal medicine and the course director for the history and physical examination at LECOM at Seton Hill. She is board certified in internal medicine and endocrinology, diabetes and metabolism.

Conflict of Interest

All faculty participating in continuing medical education programs sponsored by LECOM are expected to disclose to the audience any real or apparent conflicts of interest related to the content of their presentations.

- There are no conflicts to report.

LECOM School of Health Services Administration *Teaching the Business of Healthcare*

Healthcare is big business. According to the U.S. Bureau of Labor Statistics, employment in healthcare occupations is projected to grow 15 percent from 2019 to 2029, much faster than the average for all occupations, adding about 2.4 million new jobs. This projected growth is mainly due to an aging population, leading to greater demand for healthcare services. Healthcare occupations are projected to add more jobs than any of the other occupational groups. Talented, motivated, and skilled leaders are needed in the health care sector to manage these ever-growing requirements for medical services that align with rapid technological advancements, patient centered ethical compliance requirements and regulatory actions. Expertly trained health services administrators are essential to meet these demands effectively.

The LECOM SHSA programs provide students with indispensable knowledge, leadership, and communication skills required to plan, direct, and coordinate medical and health service organizations such as hospitals, health care facilities, public health care organizations, pharmacies, private practice groups and senior living centers. The knowledge gained from these programs are vital to the understanding, planning, and implementation of sound fiscal policy, strategic planning, industry compliance, ethics and responsible governance.

LECOM School of Health Services Administration offers degrees in **Masters in Health Services Administration (MHSA)**, **Doctor of Health Care Administration (DHA)**, **Masters in Public Health (MPH)** and **Master of Science in Biomedical Ethics (MSBE)**.

For more information, contact us at (941) 405-1535 or mhsa@lecom.edu, or visit LECOM.edu.
